

WEBDEV4U

An Inter college Event

WHAT IS WEBDEV4U?

Step into the dynamic world of web development at our student-led event! Here, participants will venture into the realms of HTML and CSS using VS Code as their canvas to craft exceptional websites. Your challenge? To conceptualize and create a website that's uniquely yours. Regardless of your level of expertise, whether a seasoned coder or a newbie, you're invited to explore your creative side and transform your ideas into a remarkable web presence. Join us for an opportunity to showcase your skills, forge new connections, and make your mark in the exciting world of web development.

EVENT DETAILS :

Date: 10th November

Venue: IT LAB 2

Time: 11 AM TO 1 PM

RULES:

Registration:

https://docs.google.com/forms/d/e/1FAIpQLScRnUXtgqXTJ9AmCFE30DS9MGCnDt7rXS_JkwKeRUgePp40wg/viewform?vc=0&c=0&w=1&flr=0&gxid=-8203366

Eligibility Criteria:

Participants should have basic knowledge of programming language HTML AND CSS

Participants should know to add pictures and unleash creativity in their website as per the theme , and should know how to use VS CODE

Rounds

Theme-Based Web Development: Participants will be given a specific theme as the cornerstone for their website project in VS Code.

Closely Monitored Environment: Our event coordinators will closely monitor and ensure a fair and secure environment as participants use the internet to access images and resources.

Judging for Creativity and Uniqueness: Once the two-hour coding marathon is complete, your websites will be evaluated by our esteemed panel of judges. They will assess your work based on creativity and uniqueness. This is a one-round, two-hour competition that encourages participants to think outside the box and push the boundaries of web development
