

Query Quest

What is Query Quest?

Query Quest is an intercollege competition that will challenge the participants to showcase their SQL skills. Participants will be provided with a schema on a paper. The competition will consist of 3 Rounds. In each round Participants will be given a set of questions for which they will have to write queries. Participants will excel to next round depending on the time they take to get the output.

Judgement Criteria:

- Time
- Accuracy of the output
